## Magaia shines during Banyana's FIFA Women's World Cup run

*Continues from page 1...* Despite the emotional exit of the South African team in the tournament, Magaia, who is popularly known as "The breadwinner", has increased Banyana Banyana earnings to R1,4 Million for helping the team reaching knockout stages. "They call me the Breadwinner; without the bread winner there is no bread, I had to provide bread for the nation," she said. Following her stellar display in the match, Magaia walked away with player of the match prize. "All I can say is to thank the glory of God for everything he has done for me. I also thank the coaches for the opportunity they have given me and the trust they have in me," she said. Magaia revealed that she will be using her world cup earnings to spoil her mother who used to be her source of inspiration throughout the years. "I will be able to help my family, I will be able to do everything for my mother, because I am the one who is taking care of her, I am the bread winner, so I will be doing everything for my mom," she said. The 28-year-old striker is always coming to the party to the to see Banyana Banyana victorious in major football tournaments, making contributions to lead South Africa in winning the WAFCON competition played last year in Morocco. "Personally, I would say since it was my first world cup, it was an emotional one," she said. During the FIFA World Cup, Magaia scored two goals and contributed one assist in four matches. Magaia was born at Mpheleng Village in Dennilton on 16 December 1994. She began her professional football career with Pretoria University side, TUKS in 2017, before moving to Swedish based club, Moron BK FC, and later joined Sejong Sportstoto in the 2022/2023 football season.

## Sekhukhune Liquor Traders dispute new Limpopo Liquor Act in High Court

Scores of members of the Sekhukhune Liquor Traders Association have on Tuesday 8 August converged at the High Court of South Africa in Polokwane, sort to interdict the new Limpopo Liquor Act, which prohibits the sale of alcohol after midnight in the province. The association, supported by the Economic Freedom Fighters (EFF) in the province, handed an urgent application to repeal the new Limpopo Liquor Act, which came into full implementation since Tuesday 1 August 2023. Following the announcement of the new act, earlier last month, MEC for Economic Development, Environment and Tourism in Limpopo (LEDET), Rodgers Monama, spent seven days listening to outcries and confusions associated with the official implementation of the new Limpopo Liquor Act, with some of the consultations held in Sekhukhune. During the consultations, aggrieved and concerned stakeholders such as the National Liquor Traders, Drinks Federation of SA, Sekhukhune Liquor Traders, artists and their representatives, disputed the implementation of the act, citing that it hit hard on their businesses and exacerbate the high rate of unemployment in the province. However, the hearing was postponed to Friday 18 August 2023. National Convener of South African Liquor Traders Association, Lucky Ntimane, said they were interdicting the new Act because the Limpopo Government did not properly consult with relevant stakeholders before the implementation of the law. Ntimane said they advised the liquor outlets to continue trade until 2am until the court finalise the ruling. EFF Chairperson in Limpopo, Tshilidzi Maraga, said the party profusely rejects the new Limpopo Liquor Act. "Accordingly, the EFF challenged the implementation of the Act in the High Court in Polokwane in solidarity with the Sekhukhune Liquor Traders Association. It must be highlighted that as it stands, the Act does not represent the interest of the poor and the working class," she said. According to Maraga, the Act, which prohibits the sale of alcohol after midnight, will not only destroy the livelihoods for those who work at liquor establishments, but it will contribute significantly to the rising levels of unemployment and poverty. "The Limpopo Department of Economic Development, Environment and Tourism threw the element of public participation out of the window in the law making process, which is paramount in a constitutional democracy thus rendering the Act invalid and unconstitutional," explained Maraga. She indicated that the party is also challenging the decisions by the LEDET MEC to enact the regulations without complying with his constitutional obligations to facilitate public participation. "Worse is that, the EFF is part of the Portfolio Committee on LEDET but the regulations, however, were enacted without the Portfolio Committee being afforded the opportunity to deliberate on the regulations. This was a further irregularity in the process," she said. Maraga said the party will call for the Act to be repealed because it does not meet the test of public participation and its intended purpose fails to uplift the fundamental needs of the people whose wages are generated through working after midnight. "The ANC government once again proved to be insensitive and careless to the working class by disregarding their interests. The EFF shall continue the fight unjust laws which seek to deepen the living conditions of the poor," concluded Maraga. LEDET MEC, Rodgers Monama, insisted that proper consultation were held with liquor traders in the province before the implementation of the new Act.

# Clip of Dennilton mother beating own child goes viral

A Dennilton woman who is seen beating her own son in a video that has gone viral on social media platforms was allegedly arrested on Tuesday 8 August 2023. In a footage, which was shared on various social media platforms from Monday 7 August 2023, the mother is seen kicking the toddler several times and stomp him on his neck. The child is seen struggling to breath and crying helplessly while the mother continue pressing her foot on his neck against the floor. It is alleged that the assault was triggered after the woman's boyfriend, who is the child's father broke up with her. Apparently, the woman became furious with the separation and decided to take the video footage assaulting the boy and sent it to his father. The father later circulated the video on social media platforms. According to the neighbours, the woman was arrested after an outcry was raised by thousands of social media users across the country. However, Police Spokesperson in Limpopo Province, Colonel Malesela Ledwaba, could not confirm the arrest as he could not respond to queries sent by the Dispatch publication. According to the Department of Social Development (DSD), child abuse is now prevalent in the country, with perpetrators being parents and close friends and relatives to the victim. The department said if any form of abuse is witnessed in the communities, any member of the public has a right to contact law enforcement agencies, social worker from DSD or child protection organizations such as Child Welfare Society. The department said the social worker and the police in some cases, will interview the child as soon as possible. A decision concerning the child's safety will be made by the social worker who will be attending the case and if response is slow and particularly if the child remains at risk, the referring person should follow up the matter until the child is safe. The department also states that the father has a right to have custody of a child if the mother is abusive. This can be done when the father apply to have the rights and responsibility of the mother revoked through the High Court, a Divorce Court in a divorce matter or through a Children's Court. This application could be due to physical or emotional abuse, drug addiction or an unsafe environment for the children. The DSD is encouraging anyone who want to report child abuse to contact their toll free hotline on 0800 428 428, send a "please call me" with their cellphones to \*120\*7867# and forward an SMS to 31531.

## MLM council adopts service delivery imperatives

The council of Makhuduthamaga Local Municipality (MLM) has agreed to resolve on some of the municipality's imperatives to speed up service delivery to its people. The resolution was taken during and ordinary council sitting held recently in terms of section 29 (1) of Local Government's Municipal Systems Act No 117 of 1998. Lemson Moropjane, MLM Spokesperson, said the council agreed on the approved fourth quarter performance report and the annual performance report, which indicated 98.5% achievement of target set for the quarter with only two targets slightly missed. "The council is largely happy with the work done by the departments collective. All the departments in the exception of Budget and Treasury Office (BTO) and Corporate Services achieved 100% of their targets for the year. BTO achieved 93% while corporate services achieved 95% of the set targets. Accordingly, this can only mean that the residents' lives are being empowered and are changing for the better," he said. During 2022/ 2023, the municipality was allocated just over R94 Million to implement the conditional Municipal Infrastructure Grant (MIG). Moropjane said by the end of June 2023, which concludes the 2022/2023 financial year, the municipality was able to process and implement 8 Infrastructural projects to improve the quality of life of its residents. Moropjane went on to say the council has also received and hailed an EPWP fourth quarter report, whose sole intention is to provide economic relief and working

opportunities to the needy in the municipality. "During the municipal strategic planning meeting earlier this year, prominent of the engagements were how does the municipal respond to plans to generate more revenue to continue to service its residents and become economically viable. It is not by fluke that the Municipal Manager, Ronald Moganedi, developed plans to bolster the traffic law enforcement to not only improve and enforce rules on the road by ensuring both motorists and pedestrians adhere to safety, but to also come up with plans to penalise the transgressors," explained Moropjane. Moropjane added that through this initiative, the municipality collected over R500 000-00 in the financial year that ended in June 2023. Following the lapsing of the Audit Committee term of office, the council has moved swiftly to appoint a five member panel which will be chaired by VK Choene. The other community members are MP Ramotsheli, RA Mabula, KLE Majuta and TR Komane. The meeting has also noted the lapsing of contracts of employment of some senior managers that took centre stage during the strategic planning, with five year fixed term employment contract of senior manager in economic development and planning, coming to an end soon. "The council agreed to subsequently declare a vacancy and advertise the position within 14 working days. Furthermore, Mr Collen Mathabathe will continue to act in the position of Chief Financial Officer (CFO)." concluded Moropjane.

## Unknown suspects sought after ATMs blasted in Moletlane

The Limpopo Provincial Organised Crime Unit have activated a massive manhunt for a group of heavily armed suspects who allegedly blasted two ATMs at Moletlane Plaza outside Marble Hall in the early hours of Wednesday 2 August 2023. Colonel Malesela Ledwaba, Limpopo Provincial Police Spokesperson, said according to information, a 49-year-old security guard was on duty at the plaza on the night of the incident at around 02:00 when he allegedly noticed a group of armed suspects, who apparently also noticed him and started to chase after him. "The security seemingly managed to evade the robbers and went to safety. While in hiding, the security officer heard a sound of blast and moments later the suspects fled the scene in an unknown vehicle at a high speed. Two ATMs were bombed and the suspects managed to flee the scene with an undisclosed amount of money," explained Ledwaba. He said the police were immediately notified and opened two counts of malicious damage to property and two counts of business robbery, hence a manhunt for the suspects involved has been launched. "The police are appealing to anyone with information that can lead to the arrest of the suspects to urgently contact Detective Captain Lesetja Mogotlane on 082 451 7232, the crime Stop number 08600 10111, the nearest police station or make use

of MySAPSApp. The police investigations are still ongoing," he said. Lieutenant General Thembi Hadebe, the Provincial Commissioner of the Police in Limpopo, has called upon the investigation team to track down the suspects with a view to arrest them.

## Police manhunt underway after Phokoane man killed in hijacking incident

The police in Nebo have launched a manhunt operation for a group of unknown suspects responsible for the murder of a 32-year-old man who was gunned down outside his house in an alleged hijacking. The incident took place at Phokoane Village in the early hours of Monday 7 August 2023, at about 01:00. "According to the information at this stage, the victim, now deceased, his girlfriend and uncle, were from a local liquor outlet when the deceased requested his girlfriend to drive his vehicle, a Toyota double cab. Upon arrival at home, the uncle entered the house leaving the couple in the vehicle. Apparently, unknown suspects, armed with firearms, emerged from the darkness and ordered the couple to move to the back seat. The victims allegedly attempted to escape when the man was shot multiple times, killing him instantly," said Provincial Spokesperson of the Police in Limpopo, Lieutenant Colonel Mamphaswa Seabi. He added that the suspects later sped off in the victim's vehicle and the police were alerted and upon arrival, they started with initial investigations. "The manhunt operation for the suspects was immediately activated. The victim's vehicle was recovered in the same village after the suspects abandoned it. The police have opened a case of murder and hijacking. The deceased was identified as Sipho Aphané," said Seabi. He said the police appeal to anyone with information that may lead to the arrest of the suspects to contact the investigating officer, Sergeant Kabelo Shokane on 079 384 1803, crime stop number 08600 10111, the nearest police station or make use MySAPSApp. Seabi said police investigation to locate the whereabouts of the suspect continues. Provincial Commissioner of the Police in Limpopo, Lieutenant General Thembi Hadebe, has also appealed to the community to work with the police by providing valuable information that can lead to the apprehension of the suspects responsible for this horrendous attack.

# Volunteer surgeons perform life changing surgeries

**Volunteering Department of Health specialists busy performing operations at Philadelphia Hospital during the Rural Health Matters Outreach Programme.**

The Limpopo Department of Health has concluded its week long Rural Health Matters Outreach Campaign Programme that commenced in Sekhukhune District Municipality from 24 to 30 July 2023. The programme, which seeks to clear surgical backlogs, was conducted by a group of specialists in various hospitals across Sekhukhune including Philadelphia Hospital, Groblersdal Hospital, Jane Furse Hospital, Dilokong Hospital, Matlala Hospital, St Rita's Hospital and Mecklenburg Hospital. According to the department, the Rural Health Matters Outreach Programme stands to benefit people from disadvantaged communities. It is through the programme that rural hospitals increase local access and allow patients to focus on getting better rather than getting to appointments to secondary and tertiary hospitals in the province. The specialist team included but not limited to Paediatrics Surgeons, Ophthalmologists, Plastic and Reconstructive Surgeons, Radiologists, Gynecologist, Orthopaedics Surgeons, Urologists, ENT Surgeons, Obstetricians, Maxillo Facial Surgeons, Anaesthesiologists, Physicians, Hand and Micro Surgery Specialists and General Surgeons, who will spend the whole week clearing surgical and medical backlogs, transferring skills and expose specialists to the entire district. Health Department Spokesperson, Neil Shikwambana, said over 100 operations were performed and conducted until the 1st of August 2023. Outlining the highlights of the outreach campaign, Shikwambana said eleven orthopaedic cases were cleared at Philadelphia Hospital in Dennilton, four hernia repairs, two hemorrhoidectomy, 1 lipoma, one keloid and 2 hydrocelectomy cleared at Matlala Hospital in Tsimanyane. He said at Dilokong Hospital in Burgersfort, two major operations were performed, with OBS operations, relating to abdominal hysterectomies. MEC for Health Department in the province, Dr Phophi Ramathuba, praised the specialist doctors for volunteering their time to clear the surgical backlog and impart surgical skills. "We are grateful that the dignity, confidence and quality of life of our people is restored. Indeed Rural Health Matters. We choose to celebrate and appreciate those who are behind the statistics we continue to report to you. Our statistics are not just numbers. It is someone's parent, child, grandparent, husband, wife, or even sibling or a cousin," she said. Ramathuba commended a trio of doctors who managed to perform operations at Philadelphia Hospital towards the end of the campaign. "The Chabalalas from Mokopane, Dr Edion and Edmond Chabalala, together with Dr Nkwe Mpe were making it possible for Professor Steve Matshidze to perform three hip replacement and 2 knee replacement at Philadelphia Hospital. These patients who were operated successfully so will have their quality of life restored. For our surgeons to perform these complicated procedures in rural hospitals they need competent doctors. Our trio are there to continue in making sure people understand that rural health matters. They left the comfort of their bedroom this winter to make sure lives of rural people of Sekhukhune matters too," she said. Ramathuba the volunteering doctors and dedicated nurses continue to support the programme in the province, saying it plays an important part to clear backlogs at rural hospitals. "It is important for our people know their selfless good doctors who always heed the call to go and assist without any questions. If South Africans can have their attitude, we would be far as a nation. On behalf of the people of our province, our patients and their families, we say thank you," concluded Ramathuba.
