Record breaking surgeries performed in Groblersdal Hospital

The Limpopo Department of Health (DoH) said, in just seven days, specialists who volunteer in the 'Rural Health Matters' programme, have performed a record breaking 58 operations in Groblersdal Hospital alone. Groblersdal Hospital, the smallest district hospital in the province, managed to do the most Paediatrics Surgery cases under the leadership of Dr Batka. Both Philadelphia and Jane Furse Hospitals did forty Cataracts while again, Philadelphia and St Rita's Hospitals both did Orthopaedics and Athroplasty cases. Other health facilities earmarked for the programme included Matlala Hospital, Mecklenburg Hospital and Dilokong Hospital. The week long surgical backlog clearance in Sekhukhune District was launched by MEC for Health Dr Phophi Ramathuba to mark the end of Mandela Month under the ban-

ner 'Rural Health Matters Project', targeting 200 patients. The team of medical and dental specialists was able to perform 270 operations in 7 days in the various disciplines including; Ophthalmology 87 cases, Orthopaedics 51 cases, Paediatrics Surgery 20 cases, Radiology 63 cases, Maxillofacial 12 cases, Plastic and Reconstructive Surgery 4 cases, General Surgery 19 cases and 14 cases in Gynaecology. Speaking from Canada where she was attending the International Aids Conference, Ramathuba said: "We don't have enough words to appreciate the good work by the team of clinicians who have volunteered their time to go spend the whole week at Sekhukhune District, changing the lives of our people in honor of our icon, our late President Dr Nelson Mandela who once said: "What counts in life is not the mere fact

that we have lived. It is what difference we have made to the lives of others that will determine the significance of the life we lead," she said. The MEC has further conveyed special words of appreciation to clinicians who volunteered their services during the main activities on Mandela Day in Mankweng Tertiary and Academic Hospital. The team initially committed to operate 67 children with different health challenges of which 45 were in Mankweng Hospital while the rest were from all other facilities. "We are proud to announce that 75 children were operated across the province on that day," said Ramathuba.

Makhuduthamaga has once again, in the fourth consecutive year, received accolades in areas of accountability and good governance. The municipality receives three awards, which includes a Certificate in Maintaining its Unqualified Audit Opinion for the 4th year in succession, 100% Municipal Infrastructure Grant (MIG), evident on the roll-out and the implementation of infrastructure projects that continue to change the lives of the people for the better. Again just like the previous financial year, Makhuduthamaga was honored for its internal capacity to prepare Annual Financial Statements (AFS). The Municipality's insourcing model saves a lot of Rands which can now be directed towards service delivery priorities. The Municipality was also awarded for maintaining a generally recognized accounting process (GRAP) compliant Asset Register, by also using its internal resources for the two consecutive years. The municipality entourage who received the awards on behalf of the mayor were, Executive Committee (EXCO) member, Cllr Malebo Phala, Chair of Chairs Cllr Abel Mampana and Acting Municipal Manager Ronald Moganedi and the deputy head of

infrastructure development, Cllr Merah Mahlase. "Our gratitude goes to Makhuduthamaga citizens and our stakeholders. Our seriousness in delivering services and our working together with communities are felt throughout and help us to improve on the acceleration of key developmental and sustainable services. We appreciate Mayor Bahula whose outstanding leadership continues to inspire and change the lives of the less fortunate and ordinary people on the ground. Much still needs to be achieved, but we believe we are in the right direction. We appreciate the recognition," said Phala. Furthermore, another local municipality in Sekhukhune, Ephraim Mogale, was also with two accolades during the awards ceremony. The Mayor, Cllr Given Moimana, received two awards, each on 100% Municipal Infrastructure Grant (MIG) spending and the other on sustaining Unqualified Audit Opinion for 2021/2022 financial year. The event was held at Warmbaths Forever resort in Bela Bela, Waterberg District Municipality. SAHRC to probe Marble Hall Police Station's inhumane conditions

The Democratic Alliance (DA) in Ephraim Mogale Local Municipality, said it has on Friday 5 August, lodged a complaint with the South African Human Rights Commission (SAHRC), to request an urgent investigation into the inhumane condition of the holding cells at the Marble Hall Police Station. The party said the discovery of inhuman conditions at the station was made during an oversight inspection to the holding cells, which revealed a situation that needs urgent attention. "The condition of the toilet and shower facilities at the cells are disgusting, with raw sewerage running around the back and front of the cells and into the magistrates' court next door. The stench was overwhelming," said Lindy Wilson, DA Political Head for Citrus Valley Constituency. She further stated that the cold and dark cells are not fit for use by people in the current condition; the shower facilities are not acceptable at all to accommodate inmates,

personnel and also harmful to people who attend the court. "Officials from the Marble Hall Police Station, who assisted the DA during the oversight, advised that numerous requests had been made to improve the facilities, however, to date, no assistance had been forthcoming from SAPS," explained Wilson. She added that dockets were piled high on detectives' desks and are not being attended to, apparently due to insufficient police vehicles available for investigations. "Serious crimes are not being attended to effectively and as a result, victims of crime are being denied justice. The front door of the station, which is glass, has been broken for months and is held together with masking tape. This leaves officers at the front desk extremely vulnerable and insecure. It is for these reasons, and many more, that the DA is calling for the dismissal of the Minister of

Police, Bheki Cele," informed Wilson. She said the incompetence and failure of SAPS

starts at the top and Minister Cele has proved continuously that he is not up to the task.

The DA in Ephraim Mogale Local Municipality has reported the inhuman conditions at Marble Hall Police Station to the SAHRC.

Staggering R1 billion to be spent for scanning files

The Democratic Alliance (DA) in Limpopo, has revealed that the Department of Health in the province, will be spending an exorbitant R1 Billion for scanning, archiving and storing of medical files in government hospitals.

According to the party, millions of rands have already been wasted to pay the service provider, Veritas Digital, for the work that could cost lesser than it is already paid. "The department has already paid over R516 Million to the contractor, Veritas Digital, since its appointment earlier this year. An additional estimate of R600 million is anticipated for the remainder of the contract period. The contract is only for the scanning, archiving and storing of medical records, a process which should have been completed a long time ago, and at a fraction of the cost," said DA Limpopo Spokesperson for Health, Risham Maharaj. According to Maharaj, Veritas Digital, was appointed in March 2020 and is scheduled to conclude its work in 60 months. "This means that the Department of Health will be forking out more than R18 Million a month for this project," he said. Maharaj said the DA is in possession of documents that prove these exorbitant amounts. "This was obtained after we wrote to the chairperson of the Portfolio Committee of Health, requesting that the MEC of Health in Limpopo, Phophi Ramathuba, to provide all relevant details around the awarding of the contract and it culminated in the committee conducting a site visit to Veritas Digital," he said. Maharaj indicated that the documents reveals that the service provider, Veritas Digital, has already scanned a total of 487 753 573 pages from 41 facilities in the province, in which 65% of the work has already been done for inactive records and there is still 35% remaining. "For the remainder of the work, the department estimates that R280 Million will be needed to complete the scanning of outstanding inactive records and a further R320 Million for active medical records. By the end of the contract, the department will have spent R1 billion for this project," he said. Maharaj added that department utilises about 70% of its budget on compensating employees and leaves very little resources for services. "This expenditure on digitising files is unacceptably excessive. Every cent must be used wisely to prevent the province's ailing health system from collapsing," he said. Maharaj said the DA will ask more questions and engage the department further in the portfolio committee meetings to gain more details and clarity around the awarding of the contract and the work carried out so far.

Trio arrested in possession of illegal firearm in Dennilton

Three suspects, Walter Mathibela (35), Bongani Matshika (33) and Mduduzi Mathibela (32), appeared before the Moutse Magistrate's Court on Monday 8 August, after they were charged with possession of unlicensed firearm and ammunition. According to Colonel Malesela Ledwaba, Limpopo Provincial Police Spokesperson, the suspects were arrested during a police operation that was conducted in the Dennilton area on Thursday 4 August. "The police members reportedly spotted a suspicious motor vehicle along the R25 Road in the Dennilton Policing Precinct at about 22:45. They then tactically stopped the vehicle and found three occupants. Upon searching the vehicle, they recovered unlicensed firearm with empty magazine. The three suspects were immediately arrested," he said. Ledwaba added that preliminary police investigations revealed that the vehicle belongs to one of the suspects, however, it has been seized by the police for purposes of conducting further investigations to determine if it is not connected

to any acts of criminality. "The firearm had serial numbers filed off and it will be subjected to ballistic investigations to determine if it was previously used in the commission of other serious crimes," he said. Ledwaba said the suspects were granted R800-00 bail each and will be appearing again on 5 September 2022, following further police investigation. The Provincial Commissioner of the Police in Limpopo, Lieutenant General Thembi Hadebe, praised the members for arresting the suspects and fearlessly performing their daily activities of keeping the citizens of this province safe.

Local emerging farmers graduate

Twenty-five emerging farmers from Tafelkop Village were, on Friday 5 August, receiving their Plant Production Certificates and Diplomas from Tompi Seleka College of Agriculture. The graduates are part of a group that was handed over land and title deeds by President Ramaphosa in Groblersdal in May 2021. The farmers have been successfully farming various agricultural produce for 25 years on Hereford farms in Groblersdal and the Department of Public Works and Infrastructure has transferred the land on a gratis basis for land redistribution purposes. In 2000, the then National Department of Agriculture, entered into lease agreements with the Tafelkop Farmers Association in terms of the Land Redistribution through Agricultural Development (LRAD) programme. In 2009, the former Limpopo Department of Agriculture (LDA) recommended to the Department of Public Works, as the custodian of the land, that the land be transferred to the farmers who had been in occupation since 1996. The deeds were registered earlier in 2021 in the names of the farmers who emerged as beneficiaries. The farmers supply local food stores, school feeding schemes as well as the Pretoria and Johannesburg fresh produce markets. Speaking during the gradu-

ation ceremony in Tompi Seleka Agricultural College premises outside Marble Hall, Acting Executive Mayor of Sekhukhune District Municipality, Cllr Orginia Mafefe, congratulated the beneficiaries for the great achievement. "We applaud their hard work, tenacity and focus that brought them to this point. Farming creates opportunities to lift people out of poverty, creates jobs and importantly secures food security," said Mafefe. The college said it is open for the next intake of students who want to study for a National Certificate in Plant Production. The closing date for the next intake is November 2022.

Elias Motsoaledi DSD intensifies fight against child abuse

With a scourge of child abuse escalating in rural communities within Elias Motsoaledi Local Municipality, the Department of Social Development (DSD), has embarked on a child protection programme to ensure safety of children in the villages. Research shows that children who are victims of abuse, especially neglect, experience serious emotional and psychological effects in the long run, and also long term effects that manifest themselves at a later stage. According to Eric Mamukeyani, a social worker in Lukau Village outside Tafelkop, the ongoing programme is in line with Section 28 of the Constitution of the Republic of South Africa (1996), which stipulates certain rights of children, which ought to be respected by everyone in this country. "We educate the community on what to do to save the children. Thus, failure to respect these rights becomes a serious violation which culminates to child abuse. Child abuse is a serious and prosecutable criminal offense," he said. Mamukeyani indicated that they visit local schools to teach children about various forms of abuse as well as steps to be taken to report abuse. "Our programme also includes Gender Based Violence (GBV), child neglect which relates to abandonment, purposefully starving a child, not bathing and clothing a child, sexual abuse commonly rape, molestation, child pornography, economic abuse which goes with misusing child support grant, not maintaining child, physical abuse that includes child labor, forcefully hitting a child and emotional abuse bullying, name calling, degrading utterance to the child," he said. Mamukeyani emphasized that parents or people who subject children to abuse are often oblivious to these effects, or they are simply ignorant due to their own personal problems, and their indifference about the needs and wellbeing of children. "Usually, the distraught children affected by abuse are seen through various behavioral problems such as aloofness, separation from others, sluggishness, failure to comply with instructions and given activities, sometimes even acting violent towards other people," he said. He added that the signs give a clear indication that a child has been going through something serious, and that must be taken into consideration. Mamukeyani said the department, which is the primary institution in handling issues of children, is working together with other law enforcement agencies to address problems affecting children.

Mmotla appointed acting LSC Secretary General

The Executive Board of Limpopo Sports Confederation (LSC), has confirmed that they appointed Puleng Mmotla as the acting Secretary General of the body. Mmotla, who is the founder of Sekhukhune invented sport, Thavhanacle Ultra-Physio (TUPS), has taken reigns in his new position starting from Wednesday 3 August 2022, following the resignation of Clarika Strydom in the position who was elected since 22 November 2020. Mmotla is currently heading Marketing and Communications of the LSC and has been seconded as Acting Secretary-General of the confederation. According to LSC President, Malesela Ally Pole, the Executive Board accepted Strydom's resignation with great difficulty as the Secretariat office was expected to deliver the first physical AGM ever since the election of the current leadership collective. "The Executive Board of Limpopo Sports Confederation agreed that Mmotla should act in the Secretariat office, owing to his experience in organizing, stakeholder mobilisation and passion for sport development. His immediate mandate is to deliver the pending AGM, coordinate the Secretariat Forum, comprising of Secretaries of all District Sport Confederations, the fundraising campaigns and strengthening of federations," explained Pole. Mmotla is also the president of Sekhukhune Sports Confederation and founding President of TUPS Sport Federation. "We wish Mr Mmotla can unmute his latent potential to move Limpopo to greater heights until we usher the new Secretary-General in due course," concluded Pole.

TUPS Sport founder, Puleng Mmotla, has taken reigns as the Secretary General of the LSC.
