Suspects linked to Malefahlo- murder arrested

Colonel Donald Mdhuli, Mpumalanga Provincial Police Spokesperson informs the public that 4 suspects appeared before the Mdtjana Magistrate's Court in Siyabuswa facing charges of murder. "They were denied bail and the case was postponed to Thursday 2 September 2021, pending further police investigations," he said. Four male suspects were arrested by the police on Saturday 14 August 2021 in connection

with the murder of a 33-year-old victim, Cecil Malefahlo. The victim was found murdered at Oorlog Village outside Siyabuswa, after he went missing on 17 July 2021. The victim was reported missing by his mother after he left his home with his VW Polo TSI from Malaeneng in Dennilton and never returned. His lifeless body was discovered by a man who was herding cows on Monday 26 July and he was positively

identified by the family. Colonel Donald Mdhuli, Mpumalanga Provincial Police Spokesperson, said the suspects, Ben Given Baloyi (29), Timothy Tjadi Seloba (35), Simon Ntobeng Njane (39) and Lebogang Ramutla (27) were arrested by members of the Provincial Investigating Unit. "Their arrests emanate to the discovery of the lifeless body of the victim at Oorlog Village outside Siyabuswa. Police were alerted and a murder case was opened. The deceased was later identified as Cecil Malefahlo, the man who was reported missing," Mdhuli said. Mdhuli said before the arrests, a preliminary investigation was launched by the Provincial Task Team which led to

Four suspects were arrested in connection of the murder of Cecil Malefahlo.

them receiving information about the whereabouts of one of the suspects. "They acted on the information and conducted an operation which eventually led to the arrest of the four suspects on Saturday, 14 August 2021 around Dennilton," he said. The Provincial Commissioner of the Police in Mpumalanga, Lieutenant General Semakaleng Manamela, has applauded the team's efforts in ensuring that the suspects are traced and arrested.

Bad state of our hospitals

Sekhukhune Residence Forum (SRF) has recently lodged a formal complaint with the Health Ombudsman to investigate the poor condition of hospitals in the Sekhukhune District. According to the forum the Limpopo Department of Health denies having poor services in Sekhukhune hospitals. SRF Chairperson, Makeleketse Phasha said all hospitals in Sekhukhune do not comply with quality assurance for healthcare establishment in South Africa. "For instance, all senior positions including the CEO at Matlala Hospital in Tsimanyane are on acting capacity, which is against the quality assurance policy standards," he said. Phasha said the forum has requested the Health Ombudsman to investigate the state of Sekhukhune hospitals to be able to serve the residents. "They should also investigate whether the hospitals meet minimum standards according to the South African Health charter and other international standards," he said. Phasha said the forum will lodge similar complaints with the South African Human Rights Commission.

Pupils hospitalized after consuming poisonous tree nuts

More than 30 pupils from Makgatsike Primary School in Ga-Marishane outside Jane Furse were rushed to hospital after vomiting and complaining about stomach cramps on Wednesday 18 August. According to the Limpopo Department of Education, the affected learners became sick after eating indigenous poisonous tree nuts, commonly known as Mokolobe. The department stated that one learner arrived with the nuts in the morning and shared with other pupils, which immediately deteriorated their health. "The report we received from the school indicates that a number of learners started vomiting after arriving in the morning of 18 August 2021," said Limpopo Department of Health Spokesperson Tidimalo Chuene. She said a total of 39 learners were taken

to Marishane Clinic and St Rita's Hospital for immediate medical attention. "Twenty-five of them were checked and discharged the same day. Fourteen were admitted and were discharged on 19 August 2021," she said. Chuene confirmed that all affected learners are safely back at school and have no complications after the poisoning incident. "We applaud the swift action by educators at the school and local health workers in attending to the learners immediately after showing signs of poisoning," she said.

New Horizon Private School Career day

What do you want to be when you grow up? New Horizon Private Pre-School (who opened its doors 20 years ago) hosted a Pre-School Career day on Friday 13 August 2021. Career days at this school help students as young as Grade-R to start thinking more in depth about what they want to do as adults. The school feels it is important with numerous benefits to having career-focused programs to prepare students for their future. The most popular careers for the Pre-School was Doctors, Nurses, Scientists, Policeman, Soldiers, Teachers and even a Musician. New Horizon Private School and Pre-School is open for registration/enrollment; please contact the school at 013 110 0495.

Sphamandla Maganadi (left) and Musa Shabangu (right) both going to be Soldiers.

Road safety competition at school

Kopa Secondary School at Motetema in Tafelkop took part in a road safety competition that was held at Kgalatlou Secondary on the 14 August. Motions were as follows : 1. The ban on alcohol sales will reduce road crashes, 2. The national road safety strategy is the solution to South Africa's safety problems. Kopa learners Bokamoso Mashilo, Lerobane Rethabile, Mashegwane Nelly, Masanabo Precious, Paile Bophelo and Naledi Mamphoga did very well in representing the Dennilton Cluster. Bokamoso Mashilo is one of the top 5 learners who were selected to represent the District at Provincial level on 21 August 2021. The school says it is so proud of its learners and is also encouraging other learners to take part in these types of activities. They are not only developing the learners but also raise awareness about safety of the community as a whole. We thank the Department of transport for granting our learners with such opportunities, they go a long way in building our nation says coordinator Ma'am Lihle Zulu.

Babina Noko Chairman confident about PSL new season

The Executive Chairman, Simon Malatji, says he is optimistic that the team will continue to demonstrate an exciting journey in the top flight of South African football, after being promoted from the second division. Babina Noko gained automatic promotion after obtaining the second position in the GladAfrica Championship in the 2020/2021 season. "I would like to congratulate our team, especially players and technical staff in achieving excellent results in 2020/2021 GladAfrica Championship last season," said Malatji. "I would like to send out a massive thanks to everyone who was part of this prosperous team. It is because of their selfless support that we managed to accomplish our main objectives," he said. Malatji applauded the teams Board Members, saying they were devoted to ensure that Babina Noko runs smoothly. Malatji said his expectation this season is to maintain the acceleration and momentum of preceding so that the team can thrive in its maiden season in the top-flight division. According to Malatji, the technical team, led by the Head Coach Macdonald Makhubedu, have been working very hard behind the scenes to prepare for the new season. Furthermore, Malatji said the intention of Sekhukhune United FC remain the same, which is to change the lives of young footballers and also inspire them to play in the highest level in the country. "Babina Noko will continue to create hope where there is only despair to young footballers. As a Chairman, I am fully committed to that goal and confident that we will be successful in our mission. Working together with all stakeholders, we can do more to ensure sustainability of this team in the PSL," informed Malatji. He thanked the supporters for their commitment they have shown to the team since it started with professional football in the GladAfrica Championship last season. So, as we move forward into the DSTV Premiership, we shall remain focused and united. We are one big Babina Noko family," he said. Sekhukhune United lost their first DSTV Premiership match to Chippa United FC. However, the chairman said they are looking forward to continuing with this exciting journey and to demonstrate the spirit of working together so that they can achieve more in the near future.

mentum of preceding so that the team can thrive in its maiden season in the top-flight division. According to Malatji, the technical team, led by the Head Coach Macdonald Makhubedu, have been working very hard behind the scenes to prepare for the new season. Furthermore, Malatji said the intention of Sekhukhune United FC remain the same, which is to change the lives of young footballers and also inspire them to play in the highest level in the country. "Babina Noko will continue to create hope where there is only despair to young footballers. As a Chairman, I am fully committed to that goal and confident that we will be successful in our mission. However, the chairman said they are looking forward to continuing with this exciting journey and to demonstrate the spirit of working together so that they can achieve more in the near future.

Vaccination hesitancy concerns Sekhukhune DCC

During Sekhukhune Covid-19 District Command Council (DCC) special meeting, held recently, the DCC said it was worried about the vaccine hesitancy among residents. The special DCC was also attended by Health Department MEC Dr Phopi Ramathuba. The DCC noted that at some point, Sekhukhune was the leading district, particularly with the vaccination of persons over 60 years old, but it's now trailing behind the rest of the districts in the province when it comes to other age categories. The special DCC meeting resolved that ward councilors, should take the lead in encouraging residents in their localities to get vaccinated. During the DCC, Ramathuba outlined the devastation that Covid-19 is wreaking in the communities. "In many families, we are going to have orphans. There are funerals every day," she said. The MEC emphasises the importance of vaccinating to curb the spread of the pandemic in communities. "When we vaccinate you, we protect you from dying and we protect you from getting very sick," said Ramathuba. She indicated that the province and the country will be safer once 70 percent of residents are vaccinated, stating that the vaccines are very safe and go through clinical trials before they can be used. The DCC encouraged all residents of the district to consider getting vaccinated so that their lives can get back to normal. All residents 18 years and older can get their vaccinations.

Hlogotlou or Tafelkop Stadium will get a PSL facelift

The Limpopo MEC for Sport, Arts & Culture ThandiMoraka and the Executive Mayor of Sekhukhune District Municipality Cllr Keamotseng Stanley Ramaila, led a delegation to inspect and assess the Hlogotlou Stadium in Monsterlus and Tafelkop Stadium, as part of government's efforts to assist Sekhukhune United FC to relocate and play its PSL homegames in the district. The team is currently using Makhulong Stadium to play its home games, as a result of lack of sporting facilities that meet the PSL standard in Sekhukhune. Sekhukhune is also home to other PSL outfit, Marumo Gallants FC, formerly known as TTM. The club was recently bought by Sekhukhune based businessman, Ditonkana Sello, and was officially unveiled to the residents of the district earlier this year. A multi-sectoral task team of officials from the provincial government, local government, South African Football Association (SAFA) and Sekhukhune United FC has been put in place to work on this project. According to the district municipality, the task-team has been instructed to put together an assessment report within coming weeks, and a decision will be taken toward ensuring that one of the stadiums is given a facelift that will enable it compliance with the PSL standards.

The Executive Mayor of Sekhukhune District Municipality, Cllr Keamotseng Stanley Ramaila (Left) with Limpopo MEC for Sports, Arts and Culture, ThandiMoraka, during the inspection and assessment of Hlogotlou and Tafelkop Stadiums.
