## Father arrested after he shot and killed his 7-month old son

The police in Ga-Masemola outside Jane Furse have arrested a 36-year-old man on Sunday 23 April, after he allegedly accidentally shot and killed his seven-month-old son with a pellet rifle. The incident occurred at their home in Maololo, Ga-Mashabela Village. Colonel Malesela Ledwaba, Limpopo Provincial Police Spokesperson, said the police attended to the complaint after the child's parents rushed him to the local clinic where he was certified dead on arrival, after he suffered a gunshot to the chest. "Both parents were interviewed and it was revealed that the child's father was hunting for birds with a pellet rifle next to their home when the child was accidentally shot," explained Ledwaba. He said the suspect was arrested and charged with murder and police have confiscated the pellet rifle. "Investigation is continuing to establish the circumstances surrounding the incident. The suspect will appear before the Nebo Magistrate's Court soon facing murder charges," he said. The Acting Provincial Commissioner of the police in Limpopo, Major General Jan Scheepers, has condemned the incident, advising the communities to practice safety at all times when handling these types of weapons.

## Unsatisfied community shutdown Tafelkop Mall operations

A group of disgruntled Tafelkop residents have on Tuesday 25 April halted construction and other operations at Tafelkop Mall.

The community, leading by the Project Steering Committee (PSC), were complaining mainly about nepotism. PSC member, Norman Mabowa, told the Dispatch Newspaper that they shut-down the mall demanding the management to address their long-standing concerns that they have raised since the construction of the establishment started last year. "Local companies are not benefiting since the construction of the mall started, which according to our agreement, 30% of local small businesses should have been appointed. Only one local company was appointed ever since the construction of the mall started," he said. Mabowa added that have also raised complaints that the PSC structure is not informed about crucial decision and being sidelined by the mall management. "We are not against the development at all, we contributed immensely in the building of this mall since the construction started but we were never told about the grand opening date, which was scheduled for Wednesday 26 April," he said. Mabowa further said they also came out to voice their disapproval of non-roadworthy vehicles that are set to be used by some motorists to transport customers and staff members to various villages. "We want all means of transportation to be authorized by the local taxi industry before they can start operating," he said. Tafelkop Mall Representative, Henry Roodt, told the paper that they have reached an agreement with the complaining residents. "The problem has been attended to and resolved," he said.

## Public Works, Roads and Infrastructure Department placed under professional assessment

Limpopo Premier, Chupu Stanley Mathabatha, has appointed a team of professionals to assess issues of governance and leadership, financial management and service delivery in the Department of Public Works, Roads and Infrastructure, following backlog in upgrading roads infrastructure in the province. Head of the Department of Public Works Roads and Infrastructure, Timothy Seroka, has been seconded to the Department of Cooperative Governance, Human Settlements and Traditional Affairs, effective from 24 April 2023. Willy Mosoma, Limpopo Premier Spokesperson, said the decision was taken after serious concern was raised with the office of the premier by citizens who were complaining about poor state of roads. "Some of the roads in question are the R25 Road in Elias Motsoaledi Local Municipality and Tshikanoshi roads in Ephraim Mogale Local Municipality," he said. Mosoma said the investigating team will be reporting to the premier in 90 days before Mathabatha could consider solutions to resolve service delivery backlog in the province. Premier Mathabatha said he believes that the report of the appointed professional team will help his office to make an informed decision about the department. The Democratic Alliance (DA) in the province say they welcome the appointment of the professional team. However, Risham Maharaj, DA Spokesperson for Public Works, Roads and Infrastructure in the province, said the decision has all come far too late. "The continued worsening of the province's infrastructure year after year and delays in the completion of projects highlight how Premier Mathabatha and his executive have sat idly by over the years and let challenges fester," he said. According to Maharaj, the provincial road network is in shambles and has a backlog of 13 916km of gravel or unpaved road or 68.3% of the total road network that needs attention. "RAL needs about R138 billion to upgrade all gravel roads in the province and at current funding levels it would take 115 years to clear the backlog. Limpopo needs a department and RAL that works," he said. Maharaj said the political party will continue monitoring the situation and await the outcome of the assessment.

### Police operations yield positive results

A Police Joint Intelligence Driven Operation conducted in Nebo outside Jane Furse on Tuesday 18 April to trace suspects in possession of unlicensed firearms led to the arrest of three suspects. The operation was spearheaded by the Nebo Station Commander Colonel KS Manasoe together with Detectives Unit and Crime Prevention Police members. Colonel Malesela Ledwaba, Limpopo Provincial Police Spokesperson, said during the operation, the police received a tip-off about a 33-year-old male suspect who was in possession of an unlicensed firearm at Makhutso Village and immediately rushed to the vicinity. "Upon arrival, the police found the suspect seated at his residence and requested to search him. The police found the suspect in possession of a firearm with no ammunition and was placed under arrest after he failed to produce the legal documents of the firearm," he said. Ledwaba added that during the same operation, the police arrested a 29-year-old who was charged with defeating the end of justice, after he allegedly assisted a 34-year-old suspect to evade an arrest while police were searching for him at a local car wash. "The suspect allegedly called his accomplice in police presence unaware that they were monitoring him. He was nabbed and managed to reveal the location of the suspect who was at his hideout in Eenkantaan Village," explained Ledwaba. He said the police further arrested a 34-year-old male suspect who was found smoking dagga in public and in possession of an unlicensed firearm in Eenkantaan. "Preliminary police investigations revealed that the suspect was also wanted in connection with a burglary incident that was committed earlier in Nebo Policing area," He said. Ledwaba said the arrested suspects have started appearing before the Nebo Magistrate's Court facing charges including possession of illegal firearms among others. Lieutenant General Thembi Hadebe, Provincial Police Commissioner in Limpopo, praised the swift reaction by the police for ridding the area of unlicensed firearms, which she said fell in wrong hands and were intended to be used to commit serious crimes.

### Sekhukhune small enterprises get a boost

The Department of Small Business Development in conjunction with Small Enterprise Development Agency (SEDA), handed-over IMEDP equipment to 39 emerging entrepreneurs in Sekhukhune District Municipality (SDM).

The official hand-over took place in Jane Furse on Monday 24 April with an objective set behind SEDA's promotion of the development of small enterprises in South Africa. The initiative also aims to provide support to small businesses and entrepreneurs to help them start, grow and sustain their businesses. Deputy Minister of Department of Small Business Development, Dipuo Peters and the Executive Mayor of Sekhukhune District Municipality Cllr Maleke Mokganyetji, were among dignitaries attending the hand-over. When welcoming the attendees, Executive Mayor Mokganyetji expressed gratitude for the initiative, saying they play an important role to support small businesses in the Sekhukhune Region. Mokganyetji also acknowledged Deputy Minister Peters for her intervention in the hand-over of the equipment, saying "noting that the gathering today is evidence that women have the instinct to build nations, furthermore noted that growing of small businesses will also help in reducing the unemployment rate." Presenting her keynote address, Deputy Minister Peters emphasized that every firm began in a modest space, a kitchen, a garage, a living room, with help and perseverance, it eventually grew into the enormous corporations that they now ardently support. "Every business starts out small, but with consistency and a solid foundation, it is bound to grow. Because of this, SEDA is there to help and the

Department of Small Business Development is dedicated to assisting local businesses. As a result, we are here today to hand-over equipment to help businesses advance to the next level she said. One of the beneficiaries, Ms Masemola, advised local business owners to do follow-ups with SEDA after requesting assistance with the agency.

## Nebo Police Tracking Team pounce on most wanted criminal

The Nebo Police Tracking Team have made a major breakthrough after they re-arrested a 29-year-old most wanted suspect in Jane Furse on Friday 14 April. The fugitive, Lesley Chuenyane was arrested after escaping from police custody in 2018 while being transported to prison in Witbank, Mpumalanga Province. Colonel Malesela Ledwaba, Limpopo Provincial Police Spokesperson, said Chuenyane was first arrested in 2018 after he was linked to four counts of rape committed at Nebo Policing area. "The suspect was positively linked with the cases through forensic evidence and his victims were between 20 and 30 years of age," he said. Ledwaba explained that on the day of his escape, Chuenyane was among a group of awaiting trial prisoners who allegedly cut through the burglar window of a police van after it stopped at Laersdrift Policing area in Mpumalanga Province. "The other suspects were re-arrested shortly after the incident with assistance of the local farmers but Chuenyane managed to escape and has been on the run since," he said. Ledwaba said it is believed that the suspect went on and committed serious crimes at Nebo Policing area from 2018 until this year, which include robberies and hijacking. "He was positively linked to the robbery that took place at Nebo Traffic Department where two security guards were allegedly robbed of their service firearms. One of the firearms was recovered at the suspect's homestead in Nebo after police were tipped off about its existence. It is alleged that the suspect accosted yet two other security officers at Phokwane Clinic and robbed them of their belongings including cellphones," he said. Ledwaba furthered said the suspect was also linked to an incident in which a traffic officer was hijacked his private motor vehicle at gunpoint. "The stolen VW Polo motor vehicle was later recovered after the suspect abandoned it when he was cornered by the police. The suspect also further robbed a female victim of her belongings at gunpoint. The woman is reportedly his former classmate. The suspect's reign of terror ended when the members of the Nebo task team pounced on him at a rented room in Jane Furse on Friday 14," he said. Ledwaba said the suspect appeared before the Nebo Magistrate's Court on Monday 17 April, facing one count of robbery. "He was remanded in custody and will be appearing again on Friday 5 May 2023, facing over 10 charges ranging from rape, carjacking and robbery. Meanwhile, he is expected to appear in Mpumalanga Province on a charge of escaping from lawful custody, police investigation continues," he said. Provincial Commissioner of the Police in Limpopo, Lieutenant General Thembi Hadebe, has welcomed the arrest of the suspect and applauded the members of the task team for re-arresting the criminal.

The fugitive, Lesley Chuenyane, was re-arrested in Jane Furse after evading the police since his escape from custody in 2018.

## Ramathuba devote a medical technology to fight cancer

MEC for Health Department in Limpopo, Dr Phophi Ramathuba, said her department is committed to fight the spread of cancer in rural areas with the use of modern technology. Ramathuba made the statement during her Departmental Budget Vote presentation held at the Lebowakgomo Legislature on Tuesday 18 April. "As we continue on the previous commitment of accelerating service delivery to the rural areas using technology, the last outstanding CT Scan was installed and commissioned at Sekhukhune District, ST Ritas Hospital and handed over by both the Minister of Health Dr. Joe Phaahla and the Premier, Chupu Stanley Mathabatha," she said. Ramathuba said as breast cancer is currently number two leading cause of death amongst cancers in women, the province has lost many lives as a result of breast cancer due to late diagnosis. "We are pleased to report to this legislature that technology has once more made it possible for us to deliver on our commitment of procuring mammograms and installing them in all our five districts, with units in Tshilidzini, Letaba, Mokopane, St Ritas and Mankweng Hospitals," explained Ramathuba.

## Duo apprehended -unlicensed firearms seized

As concerted efforts to get rid of illegal firearms in Limpopo Province gain momentum, the police in Ga-Masemola outside Jane Furse have arrested two suspects at Thabampshe Village on Friday 14 April. The suspects, aged 36 and 41, were apprehended by the patrolling police after they were found in possession of housebreaking equipment, unlicensed firearms and ammunition. "It is alleged that the police were conducting stop and search at the village when they stopped a Toyota Quantum minibus taxi with 14 passengers. They searched the vehicle and found two males with backpacks that were having house breaking instruments, one pair of gloves, two firearms and ammunition," said Colonel Malesela Ledwaba, Limpopo Provincial Police Spokesperson. Ledwaba added that the suspects were immediately placed under arrest after they could not provide authentic documents to possess the items. "The fire arms will be sent for forensic ballistic testing evidence to determine if they were not involved in the commission of other crimes," explained Ledwaba. He said the suspects will appear before the Nebo Magistrate's Court soon, facing charges of possession of house breaking equipment, unlicensed firearms and ammunition. Ledwaba said the police investigations are continuing.

# A SAFER MOLOTO ROAD IS NOW POSSIBLE.

IINDLELA AZIKHANYE.

As committed custodians of South Africa's national road infrastructure, we place particular focus on increasing safety and the reduction of the death toll. We've been hard at work, upgrading Moloto Road, an economic route that connects the Limpopo, Mpumalanga and Gauteng provinces - and serves over 50 000 commuters daily.

We have introduced traffic-calming circles, constructed a butterfly intersection at Mathys Zyn Loop, widened the lanes, remarked roads and marked centre lines. The upgrade aims to increase safety and reduce the death and accident toll. IINDLELA AZIKHANYE.

# SAB SAFA Sekhukhune League leading teams battle towards Limpopo Provincial Playoffs

The South African Breweries (SAB) South African Football Association (SAFA) Sekhukhune Regional Football League is heading towards its completion stage for the 2022/2023 season. League Coordinator, Frank Maredi, said all teams participating in the eight streams are expected to complete their matches by Saturday 6 May 2023. "Some of the teams have already finished playing their matches and we are left with just a few teams in certain streams to complete their league matches this season," he said. Maredi said winners per each stream will be participating in the regional playoffs where the team that will emerge as winners will be representing the region in the Limpopo Provincial Playoffs. "We are still going to agree with the date and venue of the regional playoffs after the competition committee meeting that will be held soon," he said. However, Maredi said they are still worried about cancelled matches that guarantee walk-overs as some of the teams fail to attend matches and lose valuable points. "This is caused by absenteeism of players who are scholars and urged to attend extra classes during the weekends, leading to the other team getting three points for free. Most of these players are currently in matric and urged to be at school while we have weekend matches. There is nothing we can do, sport is important but it is always a fact that education comes first. We are working on ways to come with plans to resolve the problem," he said. Maredi added that some of the players could not be allowed to play in important matches because they do not have valid ID documents, which is required for registrations before their participation within the league. "We are concerned because this denies young talented soccer players to take part in organized football, which can open doors for them to join big professional football teams in the country and even abroad. This is the reason we urge parents to encourage their children to go to Home Affairs Department and get ID documents as soon as they qualify to have one," he said. Maredi said they are expecting the regional playoffs to go ahead as planned and to have a good start of the next football season. "Hopefully we will be sending the best team to represent us in the provincial playoffs and probably crowned champions to gain entry to the ABC Motsepe League next season," he said.

**Dikotope Sports Academy from Dennilton, Elias Motsoaledi Local Municipality, are among teams gunning towards participating in the Sekhukhune Regional Playoffs.**

**Real Borthers FC from Radingwana Village in Fetakgomo-Tubatse Local Municipality is one of the teams doing well in Stream D of the regional competition.**
