## Groblersdal drug dealers' bail application deferred

The bail hearing for five accused individuals linked to a significant drug trafficking operation was postponed by the Groblersdal Magistrates' Court following their appearance on Tuesday 13 August 2024. The accused, who faced various serious charges, include Gonzalez Jorge Partida (53), Gutierrez Lopez Alejandro (43), Roelof Botha (57), Melvin Khumalo (34) and Rodriguez Ruban Vidan (44). The charges laid against them include manufacturing and dealing drugs, contravening the Immigration Act and money laundering. While two of South African citizens, Botha and Khumalo are applying for bail, the other three Mexican nationals, Partida, Alejandro and Vidan, have abandoned their bail applications. The five were arrested on 19 July 2024 at a farm owned by one of the accused, Roelof Botha, in Loskop South Thaba e Monate, outside Groblersdal. During a police search, drugs with an estimated street value of R1 Billion were confiscated. During the arrests, the Hawks, the Directorate for Priority Crime Investigation, acted on intelligence regarding illegal activities at the farm, uncovering vast quantities of chemicals used for drug manufacturing along with a large clandestine laboratory. The police seized 408.95 kg of acetone and methamphetamine (crystal meth). During the proceedings, two photo albums depicting the laboratories was submitted to the court. One set of photo albums was taken by the investigating officer using his cellphone and the other set was taken by the police from Local Criminal Record Centre (LCRC). The matter was postponed to 20 August 2024 for further presentation of evidence. In the previous court proceedings, Botha claimed the accused were renting his farm but failed to produce a lease agreement with the Mexican nationals. Khumalo stated in his affidavit that he was merely performing his duties as a transporter, claiming he had been hired to deliver food and acetone. However, the investigating officer testified against granting bail, citing public outcry and the severe nature of the crimes. The accused will remain in custody until their next court appearance.

# Elderly woman's rape sparks widespread condemnation

The Provincial Commissioner of the Police in Limpopo, Lieutenant General Thembi Hadebe, has strongly condemned the rape of an elderly woman in Zaaiplaas Village near Monsterlus.

The 101-year-old woman was brutally assaulted and raped while sleeping at her home on Saturday 27 July 2024. Following the incident, a manhunt ensued and a 27-year-old suspect, Sifiso Mahlangu, was arrested in connection with the assault and rape of the elderly citizen. Mahlangu made his first appearance at the Zaaiplaas Periodical Court on Monday 29 July 2024 on charges of house breaking and rape. His case was postponed to Thursday 8 August 2024 for formal bail application, however, the court was unable to finalise the application and the matter was postponed to 15 August 2024. Colonel Malesela Ledwaba, Limpopo Provincial Police Spokesperson, said the incident allegedly took place at Zaaiplaas New Stands Section about 05:00am. "Reports indicate that the 101-year-old victim was asleep when she was awakened by the suspect who tried to strangle her before he raped her. The suspect, who broke the window to gain entry, fled the scene after the incident," explained Ledwaba. He said the police were notified and a manhunt

ensued where the suspect was identified and arrested at his home shortly after the incident. During his court appearance, dozens of angry residents, lead by the Economic Freedom Fighters (EFF), converged at the court calling for the bail to be denied.

A community activist who is also EFF Chairperson in Zaaiplaas, Abram Mahlangu, said they attended the court to oppose the bail application because the community will not sleep peacefully if the bail is granted to the suspect. "He has caused harm to the elderly and the rest of the villagers. We want the law to prevail and justice be served for the elderly woman and the community," he said. Provincial commissioner Hadebe hailed the prompt arrest of the suspect, adding that the despicable act of violence against a vulnerable member of the community is met with the full force of their commitment to justice. "The rape of an elderly woman is not just a crime against an individual but a deeply disturbing assault on our society's values and sense of safety," said Hadebe.

The Minister of Justice and Constitutional Development, Thembi Simelane, has expressed her profound outrage and unequivocal condemnation of the appalling rape of the elderly woman. "This horrific crime is a stark

indictment of our society, particularly during Women's Month, a time dedicated to honouring and celebrating the women of our nation. The suffering inflicted upon this respected member of our community is both reprehensible and heart-breaking," she said. Simelane emphasised the importance of caring for and listening to our elderly, stating: "Older persons possess valuable knowledge and wisdom that can greatly enhance our efforts to build a better life for all. They are entitled to all the rights enshrined in our constitution, especially the right to have their dignity respected."

She added that the protection and dignity of the elderly and vulnerable reflect the core values of the society, grounded in Ubuntu and it is therefore deeply disturbing when such heinous acts occur in the country. Minister Simelane has called for the full prosecution of those who target most vulnerable citizens and urged all South Africans to unite in demonstrating compassionate care, particularly towards the vulnerable, as part of our collective effort to prevent and combat gender-based violence and femicide. The minister also commended the swift actions of the law enforcement officers in apprehending the suspect.

## EMLM Mayor's Bursary Fund eases burden for disadvantaged families

The Mayor of Elias Motsoaledi Local Municipality (EMLM), Cllr David Tladi, said the EMLM Mayor's Bursary Programme has reached a milestone of been successfully sending 100 students, coming from low-income families to different South African higher education institutions throughout the first two years of this council's present mandate. The Mayor's Bursary Programme was designed a few years ago to assist deserving students from disadvantaged backgrounds, who struggle to access tertiary education due to financial challenges. According to the municipality, applications for the bursaries will be opening at the end of October 2024 and the municipality will communicate in due course on application criteria and requirements. Tladi said the initiative was inspired by the words of the late President of South Africa, Dr Nelson Mandela, stating: "Education is the great engine of personal development". "A child of agricultural workers can become the president of a large country, a daughter from a peasant family can become a doctor, and a miner's son can become the head of the mine via education. Individuals differ from each other based on how we use the resources we have, not on what they are assigned," he said. Mayor Tladi said the bursary programme continues to be a compelling narrative and serves as proof of the municipality's reputation for providing access high-quality education. "Presently, the Mayor's Bursary Programme has provided opportunity to a large number of young people who would have otherwise faced difficulties with registration costs to access institutions of higher learning," he said. Additionally, Tladi indicated that to absorb youth empowerment into the municipality's system, EMLM is currently uplifting a number of young people from Elias Motsoaledi through their experiential programmes. "Our municipality placed 20 young people in a 2 year internship programme with the assistance of SALGA. There are currently eight finance interns being advertised and 39 experiential learners in our system, to whom we provide valuable knowledge and work experience to aid them in their job search efforts," explained Tladi. The mayor said he believes that by exposing the youth to practical work environments, they are equipping them with the necessary practical skills which will ensure that they gain sufficient experience to be able to apply for, and obtain jobs anywhere.

## Limpopo Provincial Police Operations yield positive results

The Limpopo Police High Density Operations, conducted for a week-long period across the province recently, has resulting in the arrest of 957 suspects, including over 400 undocumented individuals. According to Colonel Malesela Ledwaba, Limpopo Provincial Police spokesperson, during the operations, which took place across the province between 29 July and 04 August 2024, the police officers in the province conducted raids on crime hotspots areas, successfully traced wanted suspects and conducted roadblocks and stop-and-search operations. "The arrested suspects face charges including murder, attempted murder, car-jacking, undocumented immigration, drug-related offenses, theft and robbery, assault and rape," explained

Ledwaba. He said the police further confiscated various types of drugs such as dagga, heroin and nyaope, counterfeit goods and suspected stolen properties among others. The Provincial Commissioner of the Police in Limpopo, Lieutenant General Thembi Hadebe, has praised all the role players who participated in the operations. Hadebe further appreciated the support and cooperation of the public and encouraged continued collaboration to combat crime. Meanwhile the Sekhukhune Police have on Monday 12 August, during 'Operation Vala Umgodi', apprehended five suspects in connection with illegal mining and contravention of immigration Act. The suspects were arrested by a law enforcement team comprising of members from various components and units of the police and the South African National Defence Force (SANDF). According to Colonel Ledwaba, the team conducted an intelligence driven operation that resulted in the apprehension of the five suspects, aged between 33 and 43, for illegal mining and contravention of Immigration Act. "The team approached the illegal mining site at Atok area and found the suspects still busy illegally mining chrome. The arrested suspects will appear before Sekhukhune Magisterial Court soon facing charges of illegal immigration and illegal mining of chrome," he said. Ledwaba added that during the arrests the police confiscated two drilling bits, a Jack hammer and a shovel. "The teams are hard at work in all the five districts of Limpopo Province to ensure that illegal mining of precious minerals and sand becomes the thing of the past in this province," he said. Once again, Provincial Commissioner Hadebe has applauded the team working on Operation Vala Umgodi for successes they are archiving in every operation that they are conducting on continuous basis.

# Ratanang FC holds firm on top of EPMLM LFA League

After playing 23 matches in their Ephraim Mogale Local Municipality (EPMLM) Local Football Association (LFA) League, Ratanang FC have taken another step in their quest to get promoted to the Hollywoodbets SAFA Sekhukhune Regional Football League. Ratanang are on top of the log with 56 points after collecting 4 points over the weekend. On Saturday 10 August, they played a 0-0 draw with Aces FC from Letebejane Village in a match of many missed goal scoring opportunities from both sides, which was an end-to-end encounter from both teams as the sides wanted to emerge victorious. Ratanang's Journey continued on Sunday 11 August when they welcomed Hero Boys FC from Mogalatsane, in an encounter which took place at Ratanang Sports Grounds in Mooihoek Village outside Marble Hall. During the match the host took an early lead by Tshogofatso "Spori" Maila who managed to beat an offside trap, rounded off the goalkeeper before finishing into an empty net. Spori completed his brace in the similar fashion a few minutes later to give his side a 2-0 lead. The games went to a break with the host leading 2-0. In the second half Ratanang continued where they left off putting more pressure on the visitors but they failed to make use of their dominance as they missed clear cut chances to put the game beyond Hero Boys' reach. The visitors tried to come back to the game and their efforts were rewarded when referee awarded them a penalty after one of Ratanang defenders handled the ball inside the box. Heroes made no mistake and used the opportunity from the spot setting up a tense finish to the game to make the score 2-1 on the board. The big moment of the match came when referee awarded the visitors another penalty with only one minutes remaining, however, the visitors rattled the crossbar from the spot and failed to equalize. A few moments after the penalty was missed, Ratanang scored their third goal when Kamogelo "Skecho" Maelane scored with a well taken strike from close range to extend the lead to 3-1. The match ended 3-1 in the favour of Ratanang FC. Speaking after the match, Ratanang FC Head Coach, Bobby "Coach Bull" Manasoe, said: "It was great game

but the boys should learn to score many goals as early as possible to avoid unnecessary pressure. We will make sure we take three points per match and try by all means to maintain our top spot." With only seven matches remaining in the EPMLM LFA League, Ratanang FC are one of the favourites to gain promotion to the Hollywoodbets SAFA Sekhukhune Regional Football League.

## Executive Mayor's Food Drive Programme set to alleviate poverty and hunger

The Executive Mayor of Sekhukhune District Municipality, Cllr Minah Bahula, has urged the communities to establish cooperatives, such as crop farming and other initiatives, to fight poverty and hunger. Bahula said during the Executive Mayor's Food Drive Programme conducted at Ephraim Mogale Local Municipality (EPMLM) on Tuesday 6 August 2024. Speaking alongside the Mayor of EPMLM, Cllr Given Moimana, who was joined by several other councillors, Bahula said: "We fully understand our core mandate and function as the district municipality and as government. We cannot be side tracked and ignore other challenges faced by our communities." The executive mayor emphasized that government alone cannot sustain the delivery of food hampers to needy and

destitute families, making it crucial to teach and encourage communities to work together and establish community initiatives that will bring about change in their lives. Cllr Bahula also urged communities to ignore critics and noise that discourage such initiatives, stating: "It is important to remain focused on the positive impact these cooperative efforts can have on our communities." In her address, the executive mayor also called on businesses to work with the municipality, emphasizing the importance of public-private partnerships in achieving sustainable development and addressing the socio-economic challenges faced by the district. The Executive Mayor's Food Drive Programme covered three areas, including over 100 beneficiaries from all EPMLM wards in the local municipality, as

well as Boikgafo Old Age Centre in Matlala Ralokanang Old Age and Disability Centre in Ramoshebo Village EPMLM Ward 5 and Mabitsi Village, EPMLM Ward 12.

## LJM's students can talk the talk

Julian Muller Primary School held an English internal oratory competition. The event was held on Wednesday 17 July 2024 in the staff room which was beautifully decorated and suitable for an intimate oratory competition. The parents could attend the event and listen to what the children had to say. LJM had participants in every Grade. Twenty participants in total talked about various subjects: land, compass, daring and fairy tales. Muhaad Ismail mentioned in his speech that 70% of the world's population has a phobia of speaking in front of people. LJM's speakers are therefore part of the brave 30% who are not afraid to deliver an Opinion. Proud LJM.
