Esther Mahlangu's artworks set to make headlines in UK

The Serpentine Galleries in the United Kingdom (UK) will be unveiling the large scale mural by Dr Esther Mahlangu, the first public artwork in the UK by acclaimed Ndebele artist at Serpentine North Garden from 4 October 2024 to 28 September 2025. The monumental painting will celebrate concepts of community and unity, 'Umuntu ngumuntu ngabantu', which translates directly from Ndebele as 'I am because you are', which will mark Mahlangu's first public artwork in the UK. Celebrated for her brightly coloured geometric paintings rooted in matrilineal Ndebele culture, Dr Esther Mahlangu, from

Weltevreden near Siyabuswa, has been creating large-scale and site-specific works for over eight decades. She began painting at the age of ten, learning the traditional Ndebele techniques and visual language of covering houses in bold patterns from her mother and grandmother. Mahlangu uses natural pigments mixed with clay, soil and cow dung to paint directly on the exteriors of structures in her village. Rather than using stencils and tape to achieve lines and shapes, she paints by hand with chicken feathers and an array of different brushes. The artist also works with acrylic paints on canvas, which allows

her to explore different scales and a broader colour palette. Umuntu ngumuntu ngabantu, presented in the garden at Serpentine North, is the artist's first public mural in the UK. Painted over sixteen wooden panels, the work depicts Ndebele shapes and patterns outlined with a black border. Furthermore, Thames and Hudson are releasing a new book on Dr

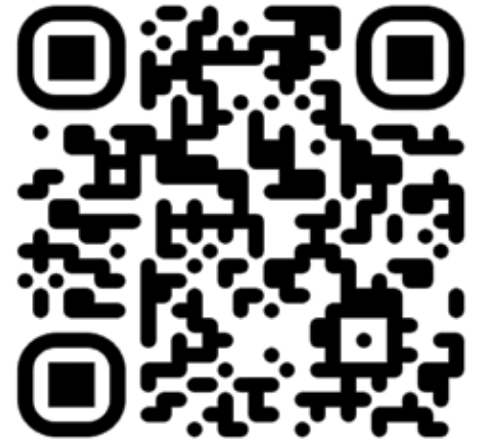

Ndebele acclaimed artist, Dr Esther Mahlangu, will have her large scale mural artworks unveiled and displayed at the Serpentine North Garden in UK from 4 October 2024 to 28 September 2025.

SDM employees appear in court for fraud and money laundering

The five suspects, Andries Mokgotho, Bongani Masupye, Kedibone Magagane, Sivhadana Murovhi and Charles Malema, during their appearance at the Polokwane Specialised Commercial Crimes Court.

Five employees attached to Sekhukhune District Municipality (SDM), Andries Mokgotho (45), Bongani Masupye (45), Kedibone Magagane (45), Sivhadana Murovhi (39) and Charles Malema (42) appeared in the Polokwane Specialised Commercial Crimes Court on Wednesday 18 September 2024. They are facing five counts of fraud, three counts of money laundering and contravening Municipal Finance Management Act (MFMA).

The following accused Mokgotho, Magagane and Malema are employed at the district municipality as expenditure clerk, expenditure manager and chief financial officer respectively. Malema has since left Sekhukhune District Municipality and is now employed as a CFO at Mokgoophong Municipality. Mashudu Malabi-Dzhang, National Prosecuting Authority (NPA) Regional Spokesperson in Limpopo Division, said it is alleged that between 05 and 07 July 2018, the accused connived and directed the payment of R5, 4 million to Murovhi and Masupye, who never rendered service to the municipality. "The monies were supposed to

be paid to the three service providers who were rendering security services, conducting water reticulation and completion of precast VIP toilets structures," she said. The matter was reported to the Hawks' Serious Corruption Investigation members for further probe. On 28 September 2023, a take-down operation was conducted in Groblersdal and it resulted in the arrest of the former municipal official and two service providers. Malabi-Dzhang said the matter is postponed to 04 November 2024, for pre-trial where one of the accused, Sivhadana Murovhi, is expected to submit the plea and sentence agreement in terms of Section 105 A of the Criminal Procedure act which is expected to be filed with the state before the 17 of October 2024. The accused are out on bail. The Provincial Head of the Hawks in Limpopo Province, Major General Gopz Govender has welcomed the arrests. "We are on a mission to clean both government and private sectors by rooting out corruption. This is just the beginning, more takedown operations are still going to be conducted," Major General Govender concluded.

Two men burned to death in alleged mob justice attack

The police in Dennilton are investigating two counts of murder after two unknown men were stoned and burned to death in an alleged mob justice attack at Moteti Village in the early hours of Thursday 12 September 2024.

The duo was accused in committing a string of house robberies which are prevalent in the area. Brigadier Hlulani Mashaba, Limpopo Provincial Police Spokesperson, said the police were alerted about the mob justice incident, and upon arrival at the scene, they discovered the bodies of two unknown men lying down with multiple burned wounds. "Emergency personnel services were notified, and victims were certified dead at the scene. The provincial commissioner has ordered an expeditious investigation into the murder," he said.

Mashaba said the police have opened two counts of murder which are under investigation at the Dennilton Police Station. Following the incident, a High Density Police Operation, dubbed "Operation Shanela", was conducted in Dennilton Policing area on Saturday 14 September 2024, which resulted in the arrest of seven suspects, aged between

24 and 44, for crimes ranging from possession of an unlicensed firearm, possession of a presumed stolen motor vehicle, possession of illicit cigarettes, possession of nyaope drugs and dagga, driving under the influence of alcohol and contravention of the Immigration Act among others. The operation was conducted following a stakeholder meeting between the Provincial Commissioner of Police in Limpopo, Lieutenant General Thembi Hadebe, and the management team to address crime concerns in the area, following a recent mob justice attack resulting in the death of the two unknown men. Mashaba said the operation yielded a significant number of arrests and seizures, including an illegal firearm, a stolen motor vehicle, illicit cigarettes and drugs amongst others.

"The notable successes of Operation Shanela include the arrest of seven suspects. Furthermore, several fines were issued for public drinking and illegal gambling. The suspects are expected to appear before Moutse Magistrate's Court soon," he said. Police Provincial Commissioner Hadebe has condemned the mob killings, urging the community to apprehend the criminals and

hand them over to the police than taking the law into their own hands. "Despite the efforts we have put in place to deal with acts of criminality in Dennilton policing precinct, some select few people continue to conduct themselves with impunity. If someone is suspected to have committed an offence, communities are welcome to effect citizen's arrest and immediately call upon the police. No person is allowed to take law into his or her own hands. Those responsible for these senseless murders will be hunted down and punished for their actions," she said.

Furthermore, Hadebe said the operation conducted by the police demonstrates the police's unwavering commitment to address crime and ensuring public safety in the Dennilton policing area and surrounding communities.

"The police will continue to work around the clock and ensure that criminals in Dennilton policing precinct are removed and put behind bars. The rule of law and order shall prevail without fear or favour. Further operations are planned to maintain the momentum and keep the community safe," concluded Hadebe.

The lifeless bodies of the two men who were assaulted and set alight by angry community of Moteti after accusing them of committing house breakings.

Premier Ramathuba opens House of Traditional Leaders in Tafelkop

The Premier of Limpopo, Dr Phophi Ramathuba, has recently launched the Limpopo Provincial House of Traditional and Khoisan Leaders at the Bakgaga Ba Kopa Traditional Authority under the leadership of Kgoši Boleu Rammupudu II in Tafelkop.

The event marked a significant step in reinforcing relations between traditional leadership and government, with the end goal of addressing the needs of communities and promoting unity within the diverse cul-

tural landscape. Ramathuba was joined by Human Settlements Minister, Mmamoloko Kubayi and other distinguished leaders, including LHTKL Chairperson Hosi Pheni Ngove, MECs for Cooperative Governance Human Settlement and Traditional Affairs, Basikopo Makamu, MEC for Public Works, Roads and Infrastructure Ernest Sebataole Rachoene MEC for Social Development Florence Radzilani and the Executive Mayor of Sekhukhune District Municipality, Cllr Minah Bahula. Delivering a keynote address, Premier Ramathuba emphasized the critical importance of celebrating diverse cultures and traditions, particularly during Heritage Month. She said the Limpopo House of Traditional and Khoi-San Leaders' main function is to advise government and the legislature on matters related to custom, tradition and culture including developmental initiatives that have an impact on rural communities. "It brings me immense joy to be here with you. This occasion is particularly significant because, for many years, this province has not witnessed a female

premier addressing the house of traditional leadership. In many respects, we are laying the groundwork for a more progressive Limpopo," she said. Ramathuba went on to call for the empowerment of traditional leaders through the provision of necessary resources and tools to support their ongoing efforts in community development and the preservation of cultural heritage.

The premier said the recent Constitutional Court ruling in favor of MmaKgosi N'wamitwa has set a transformative precedent for many female senior traditional leaders in the province. "Today, we are proud to have 45 female traditional leaders across Limpopo, with five in Sekhukhune District, 2 in Vhembe, four in Capricorn, seven in Mopani, and one in Waterberg. This progress is a clear indication that times are changing, and the patriarchal barriers that once hindered women's leadership in traditional roles are steadily being dismantled," explained Bahula. Ramathuba said the government remains steadfast in its commitment to providing the necessary tools of trade

and administrative support to traditional leaders. "This support is crucial in promoting cooperative governance and fostering partnerships between local government and traditional institutions," she said.

In terms of logistical support, the premier indicated that out of the 163 vehicles procured to traditional leaders, 105 have been delivered, with the remaining 58 expected by the end of October 2024. "We understand the frustration caused by these delays and are working diligently to resolve them. While we face challenges, our commitment to supporting traditional leadership remains unwavering," concluded Ramathuba.

Stakeholders unite to tackle crime after two men burned to death

The Provincial Commissioner of the Police in Limpopo, Lieutenant General Thembi Hadebe, supported by Deputy Provincial Commissioner of Crime Detection, Major General Samuel Manala and the Provincial Chairperson of the Community Police Forum, Mr Frans Kgasago, conducted a stakeholders' engagement meeting at Moteti Village in Dennilton Policing area on Friday 13 September 2024. The provincial police entourage's visit comes after two unknown males were assaulted and burned to death by the angry community of Moteti after they were allegedly caught committing house robbery in the area in the early hours of Thursday 12 September 2024. According to the police, the stakeholder's engagement meeting was aimed at updating community members on the crime picture, providing measures put in place to fight against criminal activities in the area. Various crimes were noted such as house robberies, rape and carjackings amongst others. The provincial commissioner addressed tribal authorities, pastors, private security, politicians, councillors, community leaders, community policing structures, business community, mall management, rural safety, community in blue, Y-Cop, school governing bodies and the Department of Home Affairs among other stakeholders. Outlining the purpose of the engagement, Hadebe said: "I am compelled by duty to be here in Dennilton, I couldn't fold my arms while criminals do as they please. I am here to ensure that criminals have no space to operate. I am here to ensure that the police take charge of the safety of community members in Dennilton and surrounding areas." She highlighted that Dennilton, Motetema and Groblersdal Police Stations are on her radar and already receiving special attention. Hadebe stated that she has also noted notable progress in these police stations since the bolstering of these stations with members from crime detection to assist in the fight against crime in recent times. She indicated that police strategies like conducting of Imbizos and crime awareness campaigns have proven to yield results as most victims of sexual offences are coming out and reporting these incidents in numbers. "Our crime analysis in this area has pointed out that the same criminals are the ones terrorising the members of the community in many villages within Dennilton policing area. Most of these suspects have been arrested in Dennilton, and are currently being linked with many cases that were registered. More arrests of suspects are imminent at this stage," said Hadebe. The provincial commissioner encouraged partnership policing since it is a game changer in the fight against crime. She urged stakeholders to encourage community members to join the community patroller's program and reservists since the population in Dennilton has increased. "We need to recruit more reservists and community in blue as force multipliers in the fight against crime," Hadebe said. Meanwhile, Hadebe condemned the killing of two unknown African males in the area, stating: "If someone is suspected to have committed an offence, he must be arrested and handed over to the police. No person is allowed to take law into his or her own hands. Those responsible for the killings of these men will be tracked down and punished for their actions". The provincial commissioner committed that she will soon be engaging with traditional authorities to give effect to the rural safety strategy as part of traditional policing concept. "This will assist in mobilising them to work with the police in crime fighting initiatives," she said. Hadebe assured the community that she has noted community request for a need for satellite police stations to service the community as the area of Dennilton is rapidly growing, while noting that the office of Organisational

Development has been tasked to conduct a feasibility study with a view to upgrade the station in order to cope with the work demand because of the growing community. She said the vacant funded posts at the Dennilton Police Station will be filled and the provincial commissioner will be returning to introduce the management that will be appointed soon. General Hadebe outlined the challenges of recruitment in the Sekhukhune District, saying that majority of young people were failing the psychometric test which is a bridge towards being enlisted as police officials. She urged stakeholders to encourage them to always apply and prepare mentally in order to be enlisted in the service. The stakeholders present during the meeting were given a platform to raise their concerns that were accordingly dealt with by the provincial commissioner. In conclusion, Hadebe stressed her availability to work with all stakeholders on a 24 hour basis to turn the crime picture in Dennilton policing precinct and surrounding areas.

Mayor Bahula hands-over borehole contractors

The Executive Mayor of Sekhukhune District Municipality (SDM), Cllr Minah Bahula, has officially announced and handed over contractors for the drilling of boreholes in various traditional authorities. According to the municipality, these contractors will begin work shortly, ensuring easier access to water for communities facing ongoing water shortages. In her address, the executive mayor emphasized the importance of placing water resources under the care of traditional authorities, enabling more efficient water access for local communities. She said this initiative forms part of an interim solution announced last year, focusing on drilling boreholes across over 80 of the district's traditional authorities. The long-term goal remains to establish sustainable and permanent solutions to the district's water challenges. "While we continue constructing road infrastructure, we must also focus on building water infrastructure at traditional councils to provide immediate relief to communities," said Bahula. She further highlighted that the initiative demonstrates the municipality's commitment to strengthening

relationships with traditional leaders, recognizing their pivotal role in community development and governance. Traditional authorities whose contractors were handed over on Wednesday 18 September 2024 include Tau Mankotsana at Ga-Nchabeleng, Roka-Lebea at Ga Seroka), Tau Phahlamohlaka from Masehleng, Roka Radingwana, Bahlakwana Ba Malekana both at Ga Malekana and Roka Phasha from Ga Roka Phasha village. The executive mayor also inspected existing challenges at older boreholes at Mashamothane and Mareseleng. This is to ensure their continued functionality and to address any concerns. Executive Mayor Bahula also monitored and asses another water project at Diphagane Village, Ward 24 in Makhuduthamaga Local Municipality (MLM).

Matric farewell is one of the biggest days in your life. It marks the near end of your school career and the beginning of a new journey as an adult. "In every ending, we find a new beginning"

Elegance knows no bounds on an unforgettable evening such as the matric farewell! As

we step into a world of dreams each moment becomes a timeless memory. With every twist of a dress and every flash of a smile, we begin a journey filled with grace and glamour.

We cherish friendships with a twinkle in our eyes - a chapter of our lives that will

forever shine in our hearts... This year, the HBV matriculants put on their most beautiful outfits on 18 September and left the audience speechless. With the catwalk on our rugby field with its picturesque mountains, it really looked as if all these learners belonged on the cover of a magazine.

Thank you to everyone who was involved in organizing this incredible evening for the class of 2024.

Thanks to Mr Thinus Marais, Ms Comien Booyse, Ms Jean-Marie Heyns and Daliah Levy for the photos during the fashion parade.

Premier Ramathuba unleashes Sekhukhune Tourism Thursdays

The Premier of Limpopo Province, Dr Phophi Ramathuba, together with Sekhukhune Development Agency (SDA) and Limpopo Tourism Agency (LTA), have partnered to establish the Sekhukhune Tourism Thursday Campaign to promote the upcoming Annual Yellow Arum Lily Festival, which will be taking place on 30 November 2024 in Roosenekaal outside Monsterlus in Elias Motsoaledi Local Municipality. The campaign was activated by Limpopo Premier Dr Phophi Ramathuba on the side-lines of the opening of the House of Traditional Leaders on Thursday 12 September 2024 in Tafelkop Village. The Yellow Arum Lily Festival is organized in collaboration with Sekhukhune Community Television Initiative (SKTV) and draws stakeholders from various sectors, including government agencies, municipalities and tourism associations. The edition of the Yellow Arum Lily Festival, also known as 'Bapedi Ancestral Flower', is usually graced by the presence of esteemed guests such as the MEC of LEDET and LTA dignitaries among others. With a focus on promoting and celebrating the endangered Yellow Arum Lily, the festival highlighted the rich biodiversity of the Leolo Mountains ranges and the rocky areas of Roosenekal in Elias Motsoaledi. SKTV Project Driver, Puleng Mmotla, said they chose to activate Tourism Thursday Campaign to popularize the Yellow Arum Lily Festival and bring it to public spotlight. "Every Thursday, political principals are urged to bring out the messages that promote tourism in the district, mainly, the Yellow Arum Lily. We are happy to also collaborate with the premier in the campaign as she also included the Tourism Thursday Campaign during her speech," he said. Mmotla said SDA together with LTA have agreed to optimise the use of the campaign by unlocking publicity machinery towards the Yellow Arum Lily Festival. "The SDA presented the premier with a gift of a canvass painting of the Yellow Arum Lily which is the Bapedi ancestral flower that celebrates the biodiversity of Sekhukhune and also promotes eco-tourism," Mmotla said. Throughout the festival, attendees are treated to a diverse array of activities, including traditional dances, guided tours and a lively music concert featuring acclaimed artists like Pleasure Tša Manyalo and local talent Chris Venter. However, one of the standout attractions becomes the open marketplace where local entrepreneurs seized the opportunity to showcase and sell their crafts to a captive audience of approximately 2000 people. The products includes intricately woven textiles to exquisitely crafted pottery, which are on display representing the ingenuity and skill of the local artists. The small-scale business participants make the most of this platform to engage with potential customers, share their stories and generate sales, contributing to the economic growth of Elias Motsoaledi Local Municipality and notably, Sekhukhune District Municipality (SDM). Reflecting on the success of the festival, LTA CEO, Moses Ngobeni, expressed optimism about its future potential. "Our wish is to see the festival grow even bigger to benefit the adjacent communities and boost the economy of the district," he remarked. "With continued collaboration with key stakeholders in Sekhukhune, we are confident that the Yellow Arum Lily Festival will become a flagship event on the provincial calendar, drawing visitors from far and wide," he said. Ngobeni indicated that festivals like the Yellow Arum Lily event serves as a vibrant showcase of the region's cultural heritage and natural beauty. "For entrepreneurs, it is a golden opportunity to shine and make their mark on the marketplace, leaving a lasting impression on all who are willing to attend," he said.
